Occupational Goal

I want to gain as much experience as I can to improve my skills and value.

Education

CVHS 2025-Present, SVT 2026-Present

Activities

-2025 Cyber Patriot state round contender.

Experience

None

Summary

As a high school senior looking to become a software engineer, I am actively building a foundation in software development, hardware, and cybersecurity. My academic background includes coursework in Computer Science Principles, Intro to Game Development, and Tech Literacy. Beyond the classroom, I have put my skills to the test as a Cyber Patriot contender and a SkillsUSA Cybersecurity State Competitor. I am CompTIA Tech+ Certified, holding badges in both Hardware and Software basics.

Skills

- Software Development
- Wireless Networking
- Security Awareness
- Programming Concepts
- Project Management
- Operating System Security
- IT Concepts
